

400 MD RI

ENVIRONMENT & PEOPLE SAFE MACHINE & PARTS WASH WITH RUST INHIBITOR

Formulated to provide a safer more environmentally preferable alternative without sacrificing performance. This highly concentrated, versatile cleaner is formulated to take on a wide range of cleaning jobs. It is able to quickly power off even stubborn soils and greases from any surface not harmed by water. Dilute it for use in a pail with a sponge, in spray bottles, in mop buckets, floor scrubbers, pressure washers, or in parts washing applications.

FEATURES & BENEFITS

Unique characteristics of 400 MD RI make this a superior machine & parts wash. These characteristics include:

- Concentrated product:
 - Reduces freight, inventory, and handling costs
 - Use less product to achieve better results
- pH of 8-9 is safer than most other cleaners
- Does not utilize harmful cleaning chemicals
- Minimal environmental impact
- Superior cleaning performance on a variety of soils
- Leaves no dulling residue
- Rust Inhibition: Superior performance in ASTM D1748 humidity cabinet

ENVIRONMENTALLY SAFE

400 MD RI is a water-based, environmentally-friendly and worker-friendly machine & parts wash. (See: Safety Data Sheet)

ECONOMICAL

400 MD RI is a cost-effective cleaning & rust inhibition option for a wide range of metal washing applications
